

DANIEL CHEE KING CHOW

Of Counsel, Corporate Practice

Languages: English, Mandarin Chinese, Cantonese.

Education: J.D., Yale University (1982)

B.A., Yale University (1979)

Personal Practice Summary Daniel Chow is Of Counsel to the Pamir Law Group, resident in the Columbus office. Mr. Chow focuses his practice on international law, with a particular emphasis on China. He regularly handles matters related to both public and private international law, international trade and development, international business transactions, international intellectual property rights, U.S. federal trade law, Chinese investment and business law, Chinese intellectual property law, and Chinese media and regulatory law.

Significant Recent Transactions Mr. Chow has served as legal counsel to major international corporations for nearly a decade, handling all matters associated with general counsel positions, the production of all corporate legal documents, and government relations and corporate transactions.

In addition to these responsibilities, Mr. Chow's recent experience includes handling all aspects of corporate joint ventures including the establishment of new joint ventures; the completion of first conversion and reorganization of client's joint venture into a wholly owned foreign enterprise; capital increase for joint ventures; and the establishment of an investment holding company to consolidate all management functions for client's Chinese joint ventures.

Mr. Chow has also worked extensively with corporate media, marketing and advertising departments on international compliance and advertising law issues, including lobbying efforts to change Chinese government and advertising laws.

His other corporate counsel responsibilities have encompassed all aspects of intellectual property including trademark applications, oppositions, and protection of trademarks against counterfeits and infringements; working extensively with the State Administration of Industry and Commerce officials on large scale enforcement actions in North and East China; initiating a coalition of multinational enterprises to combat counterfeiting in
